Contract Disputes. Contracts awarded under this solicitation are subject to the Contract Disputes Act of 1978 (41 USC 601-613), as amended. Copies of the current contract disputes clause are available from the sales office.

Bidders Indebted to the Government. The bidder warrants, by signing the bid, nonliability in paying for previous purchases of Federal personal property, including any debt administratively found due. Indebted bidders may be ineligible for contract awards.

Condition of Property is not warranted. Condition No 2, "Condition and Location of Property," of Standard Form 114C is deleted in its entirety. Deficiencies, when known, have been indicated in the property descriptions. However, absence of any indicated deficiencies does not mean that none exists.

If a misdescription is determined before removal of the property, the Government will keep the property and refund any money paid. If a misdescription is determined after removal, the Government will refund any money paid if the purchaser takes the property at his/her expense to a location specified by the contracting officer. No refunds will be made, after property is removed, for shortages of individual items within a lot. **This warranty is in place of all other guarantees and warranties, expressed or implied.**

The Government does not warrant the merchantability of the property or its purpose. The purchaser is not entitled to any payment for loss of profit or any other money damages--special, direct, indirect, or consequential.

Refund Procedures. To obtain a refund (1) submit a written notice to the contracting officer within 15 calendar days of the date of removal that the property was *misdescribed*, (2) maintain the property in the purchased condition until it is returned, and (3) return the property at your own expense to a location specified by the contracting officer.
